

# Family Triads

Would you like to get to know other families in the church better? Would you like to make some deeper connections? Consider joining in a Family Triad. Three families will be matched together and from February through June will meet together at least three times away from the church. These gatherings can happen in a home, at a park, or at another mutually agreed upon place. The general expectation will be that these families will share a meal, engage in activities that are appropriate for all the members of the families involved, and will take the time to talk, listen and learn about each other.

## Program Expectations

Each family in a triad will take responsibility for hosting one of the three required meetings. Meetings can be held in your home, a park, or at another mutually agreed upon site. The host family will be responsible for any specific activities for that session and for coordinating the food\*. Initial get-acquainted activities will be provided if you feel you need some icebreakers for the group.

Please know that triads are welcome to meet more than three times, but three is the minimum commitment that we are asking of our families.

This program is intended specifically for families with children, but if you would like to be considered as a surrogate grandparent or aunt or uncle to a family with children, your application will be considered for matching with families who state that they are interested in making such a connection. Matches of families with children will take priority in making up the triads.

There will be a follow up with the Triads at the end of June to see how everything went, and we will make plans for developing new triads in the following church year.

\* such as organizing a potluck or a picnic.
